Our decorative grids can be combined in unlimited variations in both height and width. Create impressive sales walls or ceiling displays with ease. These versatile grids can also be used as back walls for TUBO shelving or Framework, giving you even more ways to tailor your display and sales solution.

Grids for decoration and notice boards. Widely used in private homes.

The trend is that they are now also entering shop fitting.
We can understand why :-)

Grids let you create exciting displays from the ceiling or on the wall, decorated with products.

A grid can also easily become a sales wall where hooks, baskets and shelves let you sell everything from bags and clothes to spare parts and toothpaste.
