HANG TABS AND STRIPS

Hang Tabs with round hole

A simple, strong solution that is easy to attach. Ideal for smaller, light items hanging on a single hook. A great solution that brings your product right up to the customer in the right place and increases the chance of extra sales through impulse buying.

At the same time products are displayed neatly because they self-centre on the hook.

Hang Tabs for both single and double hooks

Euro-slot hang tabs are ideal for both single and double hooks. They have the same properties as round-hole Hang Tabs but can be used on both single and double hooks. A great solution that brings your product right up to the customer in the right place and increases the chance of extra sales through impulse buying. Products are displayed neatly because they self-centre on the hook. On double hooks the products are even more likely to hang neatly centred one behind the other.

GIVE YOUR PRODUCTS MORE VISIBILITY

If a product is designed to hang in a cardboard display and the display breaks, you can easily restore a neat hanging solution by attaching a Hang Tab. It is a far better solution than tape or placing the item elsewhere.

Hasn't the manufacturer designed the packaging for display? Some products are well suited to being shown on a hook, but the packaging was not made for it. Many of these can benefit from a Hang Tab, so they hang neatly and are visible where the customer should see them.

If an item is hard to display on a shelf or in a basket, Hang Tabs may be the answer. Once hanging, items "line up" for order and clarity, and they can be displayed right where the customer notices the need for that very product.

Do-It Hang Tabs are designed to last. Your products stay hanging until they are sold.

Hang Tabs with hook

Hang Tabs with hook make it quick and easy to pick a product that is not at the front of the hook. They are ideal when you display more than one size or colour of the same product on the same hook. A great solution that brings your product right up to the customer in the right place and increases the chance of extra sales through impulse buying.

At the same time products are displayed neatly because they self-centre on the hook.

HANG TABS AND STRIPS

DISPLAY STRIPS

Show your products alongside complementary items and sell more. Display strips let you hang smaller items anywhere in the shop – even where space is very tight. Perfect for drawing attention to the product and encouraging impulse sales.

Can be placed strategically anywhere in any shop.

Display strip and holder

W7 x H6.5 cm. Hook spacing 60 mm.

12 hooks per strip.

White. Item no.: 3511-01
Black. Item no.: 3511-04

€2.73

Place them on shelving between complementary items, on shelf ends and at the till.

Anywhere with customer traffic.

Use your imagination. There are plenty of options.

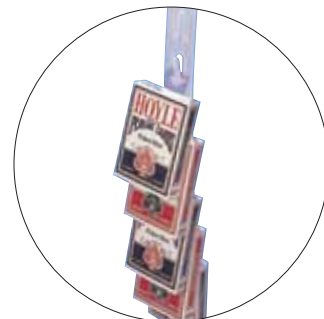

Use them with Hang Tabs or with items already prepared for hanging on a hook.

Display strip

W3.5 x H54 cm. Hook spacing 40 mm.

12 hooks per strip.

HANG TABS AND STRIPS

WOBBLERS

Use movement to draw attention to your product.

A sign on a wobbler creates movement that catches the customer's eye. A quick, easy way to highlight a product right where it sits on the shelf.

Wobblers have an adhesive pad at each end – one for fixing to a shelf or other flat surface, the other for attaching the sign.

Can be placed almost anywhere.

EFFECTIVE ATTENTION GRABBERS

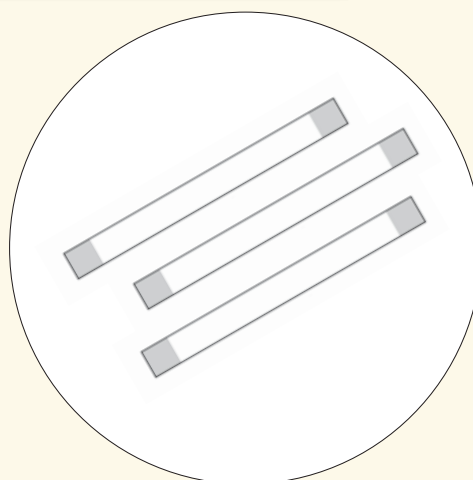

Wobblers. Highlight messages

Clear plastic with adhesive. Highlight messages and prices. For shelves, products etc. L10.2 x W1 cm. Pack of 500.

Item no.: 3568-00

Pack price

€26.61

Right place, right context, eye level – more sales!

With wobblers, display strips and Hang Tabs you can boost extra sales and impulse buys through cross-merchandising.
